2016.03	<u>DDMC-3664</u>	Would like reserve / reference to dialog enhanced with an option to include drawings of the components.
2016.03	<u>DDMC-4461</u>	Would like the ability to compare the BOM of different items (as opposed to just comparing different issues of the same item).
2016.03	<u>DDMC-2369</u>	Would like to export from the BOM editor as csv (and be column aware), in the same way you can export to csv search results from DDM.
2016.03	<u>DDMC-4460</u>	With auto-state change rules in place, if an item is up-issued and the previous "released" item has its state changed to "under-review", if the new issue is deleted then the old "under-review" item should be converted back to "released".
2016.03	<u>DDMC-4595</u>	When removing a user, would like owned folders to change ownership.
2016.03	<u>DDMC-4634</u>	Would like folder layout changed, to move the tabs from top of window to middle, with top panel always showing the Properties and lower pane showing all other pages.
2016.03	<u>DDMC-4835</u>	When re-positioning the splitter on a Folder Properties, would like the positioning remembered relative to the Folder Type.
2016.03	<u>DDMC-4548</u>	When drag/dropping a single item into DDM, would like Properties window opened instead of Single Save Manager
2016.03	DDMC-4865	On DDM Properties - Links page, would like to be able to multi-select items when using right-click Send-To functions.
2016.03	DDMC-4866	Would like the 'Export' button removed from the Properties - Links page (use the right-click Export functionality instead).

2016.03	DDMC-4832	Would like the DDM Bom report to be modified so that it no longer requires pre-processing and can be copied, modified and used as a custom report.
2016.03	DDMC-4833	When opening Item Properties, would like it to stop cascading if there is only a single properties window being opened.
2016.03	DDMC-4843	Would like Folders sub-menu at top of the popup menu list when using Right-click to create new items.
2016.03	DDMC-4848	Cleanup table triggers to remove redundant declarations and selections.
2016.03	DDMC-4851	When opening Folder Properties, would like it to stop cascading if there is only a single Folder window being opened.
2016.03	DDMC-4856	When storing from CAD with multiple remote file servers and latency to database server, storing larger assemblies can be very time consuming.
2016.03	DDMC-4858	In DDM Admin - System Access - States, the list of states should include all state settings / attributes.
2016.03	DDMC-4578	When opening the BOM Editor with a multi-level BOM displayed, would like the speed investigated and optimized.
2016.03	DDMC-4261	In DDM Web Client, would like to be able to add custom attributes (eg created on, category) to folder contents table.
2016.03	DDMC-4462	Would like 'Export Related attachments' option enhanced to also allow the inclusion of documents that are attached to any of the items.
2016.03	DDMC-1561	Would like an additional custom report option / type in Admin to cater for multi-level BOM reports.
